CRL ®

C.R. LAURENCE COMPANY

ISO 9001:2008 Certified

crlaurence.com | Worldwide Supplier

- **Versatile Wet or Dry Systems That Include All Bracketing, Angles, Trims, and Clips**
- **Expertly Manufactured to Your Specifications**
- **High Quality Craftsmanship and the Latest Technology Available**
- **Available in Stainless Steel, Aluminum, Bronze, Brass, Aluminum Composite, and Metal Composite**
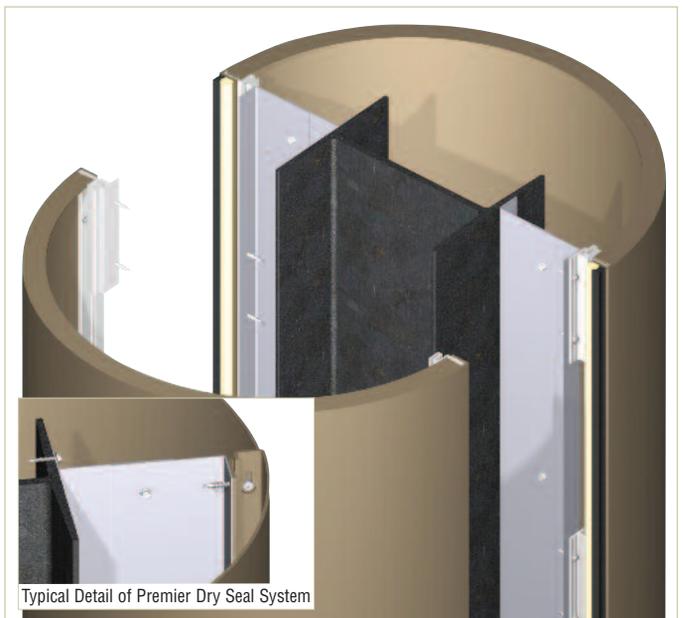

CRL Panel Systems provide a variety of options for exciting new design expression. Flexible in both available sizes and shapes, their panels are ideal for use as column cover cladding, for incorporation into a curtainwall system, or for ceiling and wall panels. All are custom designed and manufactured at their Los Angeles manufacturing facility using the latest technology and machinery to produce an elegant and efficient panel system to meet your needs. For additional information on Column Covers see the following pages, or contact CRL Technical Sales at (800) 421-6144 in the U.S., (877) 421-6144 from Canada, or (323) 588-1281 International. Ask for Ext. 7770. You can also e-mail them through their web site at crlaurence.com. From the home page click on Contact Us, and then click on Technical Sales for Architectural Metals Products.
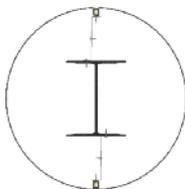

Round Column Covers

- Two, Three and Four Panel Configurations
- Three Attaching Systems to Choose From
- Panel Options Include: Aluminum Composite, Metal Composite, and Solid Metal

CRL Round Column Covers are available in three attaching systems; Standard Wet Seal, Deluxe Wet Seal and Premier Dry Seal. Columns can be fabricated in two, three or four panel configurations to best suit the installation. Several material options are available, but are predicated on the diameter of the column. Aluminum Composite Sheet, Metal Composite Sheet and Solid Metal Sheet make up the panel material options. Columns can be fabricated up to 156" (3.9 m) in length, after that intermediate seams are required. Depending on what type of column you are attaching to (Round, Square or "I" Beam), various mounting options are available.
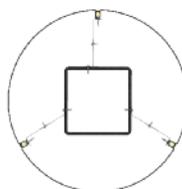

Typical Detail of Premier Dry Seal System

### *Round Column Cover Configurations*

2 Panels Opposing
Minimum Diameter 14" (355 mm)
Maximum Diameter 38" (965 mm)

3 Panels Staggered
Minimum Diameter 14" (355 mm)
Maximum Diameter 58" (1473 mm)

4 Panels Opposing
Minimum Diameter 36" (914 mm)
Maximum Diameter 78" (1981 mm)
