CRL Manufacturing

- Making Quality Products for Over 40 Years
- User of Progressive ISO9001:2008 Manufacturing Processes
- Mechanical and Technical Expertise Available to Assist Your Manufacturing Processes

Using strict manufacturing standards C.R. Laurence Company produces the kind of quality hardware that has kept them at the head of the glass and glazing field for many years. That's your assurance that when you select a product made by CRL Manufacturing you have made the best possible choice.

They're always looking for ways to make their products better, and along the way they've added knowledgeable experts to their staff of designers, engineers, and craftspeople. CRL's goal is to make their products a better value to you, whether it's time or labor savings, extended service life, increased versatility or enhanced visual appeal.

Many of CRL's products incorporate industry "firsts", features offered by no other manufacturer because they feel that no product or process is so good that it can't be improved. CRL strives to make products of high quality and value. That's the goal CRL sets for themselves at the onset, and it's still their guiding influence.
