## Countertop/Table Top

CRL Stainless-Steel C-Clamps offer a fast and flexible
olution. Clamps easily attach to surfaces with no allowing for the barrier to be placed on the edge lowing for the barrier to be placed al position

Standoff base can be purchased separately

## Additional Benefits Include:

Easy installation and positioning No drilling required

ivots 360 degrees to allow clamp
placement around placement around
all edges of a table.

## Adjustable U-Clamps

New Adjustable U-Clamps are designed for use with CRL Z-Clamps to create a versatile barrier system. Easily attach them to existing vertical surfaces by simply sliding the clamping mechanism to the desired location and tightening screws. No drilling or permanent installation is required. Adjustable U-Clamps are compatible with Z-Clamps that accommodate $1 / 4^{\prime \prime}$ ( 6 mm ) $5 / 16^{\prime \prime}(8 \mathrm{~mm})$, or $3 / 8^{\prime \prime}(10 \mathrm{~mm})$ thick extension panels, and are offered in round and square profiles.
