CRL ATLAS® NITRILE GLOVES

GLOVES
CRL ATLAS NITRILE

Description:

The CRL Atlas Nitrile Glove is a 30 cm (12") long glove made from dipped nitrile over a seamless cotton liner. The 720 protects the hand from abrasions and chemicals, while providing comfort and touch sensitivity. The durable Nitrile coating offers excellent protection against a wide range of chemical substances. The rough textured finish ensures excellent grip and adds more abrasion resistance and longevity. The Atlas Nitrile 720 Glove is manufactured in compliance with 21 CFR, parts 170 to 199, and is acceptable for Food Handling applications.

Launder at 40°C (104°F) using a neutral detergent.

Suggested Applications:

- Agriculture
- Food Handling Applications
- Oil and Grease Parts Handling
- Maintenance
- Parts Cleaning
- Protection from Fuels
- Refineries
- Spill Clean Up
- Splash Protection
- Wet Cement Protection

Characteristics:

- Durable Nitrile Coating
- High Dexterity and Touch Sensitivity
- Textured Grip
- Length: 30 cm (12 in)
