PROFESSIONAL TOUCH UP PAINT

CRL Epoxy Etch Primer 300 Gram

CRL Epoxy Etch Primer will provide outstanding protection on a huge variety of metals. Ideally suited for use as a primer before applying Touch-Up Paint, it provides an outstanding base for adhesion of an acrylic overcoat.
12 cans per case.

CAT. NO.	COLOUR
EEP300	CRL Epoxy Etch Primer

CRL Cold Galvanizing Spray 375 Gram

CRL Cold Galvanizing Spray is made of approximately 90 percent zinc. Excellent for touching up welded areas for corrosion protection. It provides a long lasting durable protective coating on all steel surfaces. May be painted or powder coated over after 48 hours.
12 cans per case.

CAT. NO.	COLOUR
CGS375	CRL Cold Galvanizing Spray

CRL Silver Frost Topcoat Spray Paint 400 Gram

CRL Silver Frost is a zinc-based epoxy topcoat for galvanized surfaces. Provides excellent corrosion protection and long-term durability. Silver Frost can be over-coated after drying with epoxy, acrylic or enamel topcoats. Silver Frost is tinted to closely match the colour of the galvanized finish, making it ideal to repair discontinuities. Contents is 400 grams per can, 12 cans per case

CAT. NO.	COLOUR
SF400	CRL Silver Frost Topcoat Spray Paint

CRL Appliance White 300 Gram

CRL Appliance White is a touch up paint for the repair of chips and scratches on domestic appliances. Appliance white is a tough gloss finish which allows you to repair any minor damage to fridges, washing machines, dryers etc. Please note the paint may differ in weathering and gloss performance from the original factory-applied paint.
12 cans per case.

CAT. NO.	COLOUR
JN740	CRL Appliance White

CRL Rubber Sanding Blocks

CRL Rubber Abrasive Sanding Blocks aid in surface preparation prior to applying touch-up paint. Choose from 3 different grades: 60 (rough), 120 (medium) or 240 (fine).

CAT. NO.	GRITS
RSB60	60 Grit Rubber Sanding Block
RSB120	120 Grit Rubber Sanding Block
RSB240	240 Grit Rubber Sanding Block

CRL Methylated Spirits

CRL Methylated Spirits are intended for a variety of uses. From dissolving essential oils, castor oil, shellac, ballpoint ink, iodine and grass stains to cleaning paint brushes and mirrors. Is also sometimes used as an aid in cutting laminated glass or for general cleaning. The fluid evaporates quickly from the surface.

CAT. NO.	LITRES
30021	CRL Methylated Spirits - 20 Litres
30024	CRL Methylated Spirits - 4 Litres
