

A modern office interior featuring glass partitions and orange walls. The space includes a desk with two computer monitors, a black ergonomic chair, and a white storage unit. The glass partitions are held in place by metal door rails. The floor is made of light-colored concrete tiles. A red ottoman is visible in the bottom right corner.

DRM DOOR RAILS

CRL DRM Door Rails are 2-piece extruded aluminium clamping systems that are tightened with cap screws at 100 mm centre to centre. These systems are suitable for the installation of heavy-duty wide doors. There are two heights of 80 mm (DRM80) and 100 mm (DRM100) to choose from and in lengths based on your requirement.

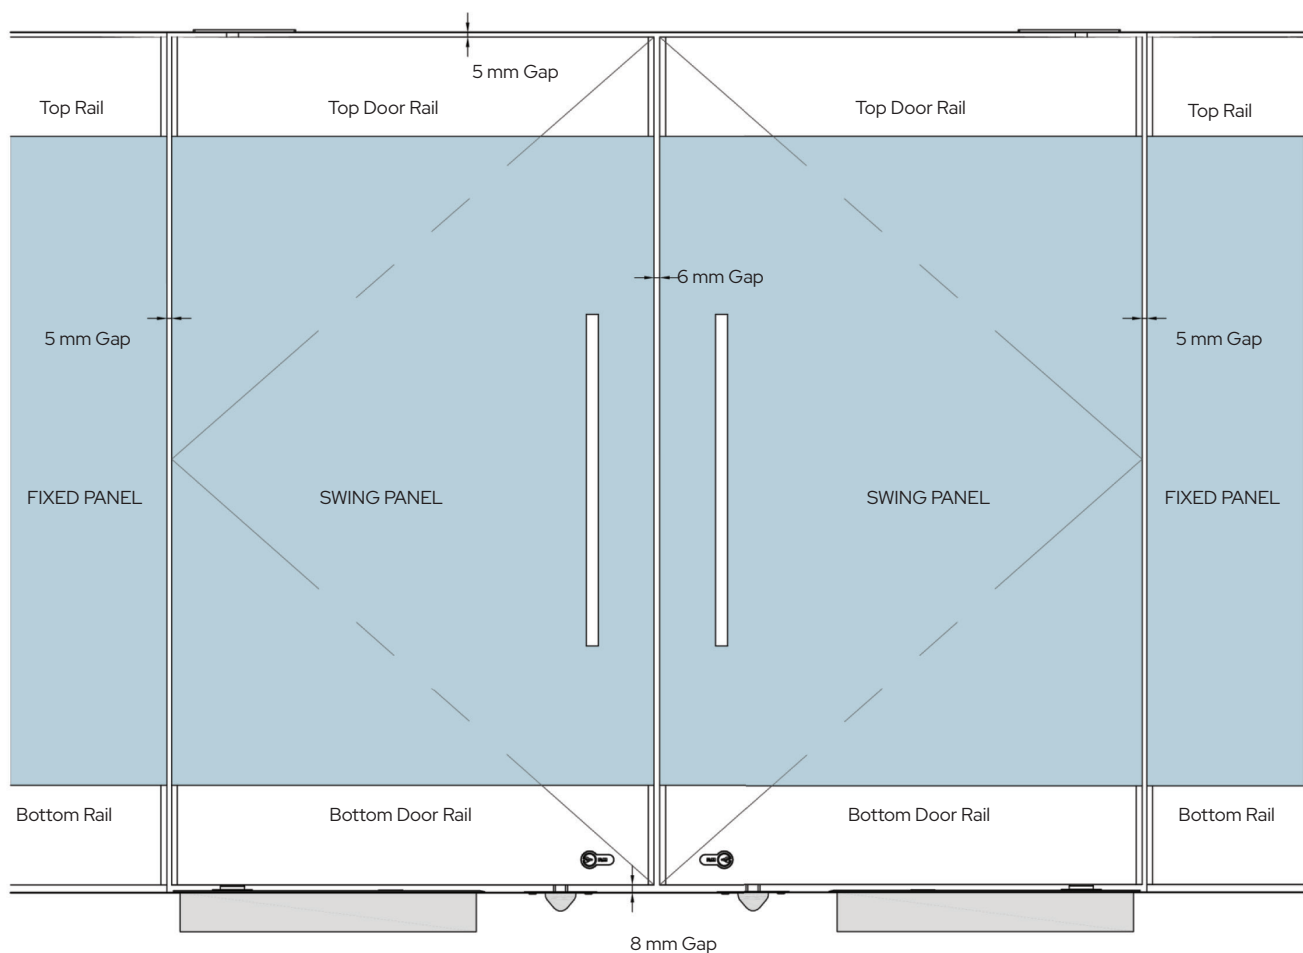

With its clamping efficiency carefully considered, CRL DRM Door rails do not require any glass preparation and can be used with various glass thicknesses such as 10, 12, 15 and 19 mm. In addition, there is a choice of both satin anodised, brushed aluminium and matt black snap-on cover plates.

CRL Door Rails are also available with secure locking devices featuring key cylinders or thumb-turn cylinders.

To complete the aesthetic facade of the glass panels, we offer matching sidelight rail packages.

TYPICAL DOOR LAYOUT

FREE SWINGING PIVOTS

CRL Floor Mounted Bottom Free-Swinging Pivot

CRL Floor Mounted Free-Swinging Pivot has a 22 mm flat tapered type spindle with a weight capacity of 200 kg which suits CRL Patches and Door Rail Systems.

CAT. NO.	DESCRIPTION
1NT402	Bottom Free-Swinging Pivot to suit Tapered Inserts Arms
1NT402S5	5 mm Packing Shim for 1NT402 Pivot
1NT402CBS	1NT402 Brushed Stainless Cover Plate
1NT402CPS	1NT402 Polished Stainless Cover Plate

CRL Adjustable Free-Swinging Floor Mounted Bottom Pivot

This CRL Adjustable Threshold or Floor Mount Bottom Free-Swinging Pivot provides 5 mm height adjustment and is ideal for use with our PH10C and PH11C Bottom Door Patch Fittings. This pivot provides a 100 kg weight capacity to support average doors commonly used with Patch Fittings. A brushed stainless Cover Plate is provided to finish the installation. The minimal clearance is 10 mm and this can be adjusted to 15 mm.

CAT. NO.	DESCRIPTION	FINISH
1NT403	Adjustable Free swinging Floor Mount Pivot	Brushed Stainless

CRL Brushed Stainless Top Center-Hung Free Swing Pivot

This CRL 15 mm Diameter Free-Swinging Top Pivot installs easily to wood or metal substrates to work with CRL door rails, patch fittings and a variety of other top door arm fittings which receive a 15 mm diameter pin. Brushed stainless finish. Mounting screws are not included.

CAT. NO.	DESCRIPTION	FINISH
1NT401	Free-swinging Top Pivot	Brushed Stainless

CRL Header Mounted Top Free-Swinging Pivot

This CRL Header Mounted Free-Swinging Top Pivot is secured in masonry, or to metal, to allow for a free-swinging pivot. For use with Patch Fittings such as Cat. Nos. PH20A, and PH21A or any Top Pivot with a 15 mm diameter hole. Secure in masonry with the included brass masonry anchor, or secure to metal in a tapped 8 mm threaded hole.

CAT. NO.	DESCRIPTION	FINISH
1NT405	Free-swinging Header Mount Top Pivot	Satin

CRL Center-Hung Top Pivot Set with Cover

The CRL Center-Hung "Walking Beam" Top Pivot is intended for use with Floor Closers and center-hung free-swing floor pivots. The door arm provides lateral adjustment to assure that the door is plumb. These Pivots are fully mortised and non-handed. Pivot pin 15 mm diameter and accommodates top door clearance up to 13 mm. Supplied with finished cover plate.
